A word from Judi....

Do you believe you are doing what God created you to do or have you allowed other people's opinions to hold you back?

Did you know that God has uniquely created you and gifted you to fulfill His purpose for your life. It may be something people regard as important or they may be unimpressed. Whatever it is, it doesn't matter what others think. What is important is that you are doing it because you believe God called you to it through the power of the Holy Spirit. No matter what the profession, the only way to find joy and satisfaction is to live your life according to His will.

This takes courage and boldness. We may want to follow the crowd because it seems easier and we are a little scared to 'step out in faith.' Or God may be asking us to try something new and different and we think we just can't do it.

When we take a bold step outside the boundaries of what other people say is 'right' we risk being judged or criticized. But if we have the courage to follow God and are secure in the knowledge that this is what He wants us to do He will walk with us all the way providing guidance and strength.

Great joy and many good things are waiting for you as you move forward with boldness and courage into all God has called and created you to do.

Break the Mold And Be Bold

With Love, Judi
