DISCIPLES FOR JESUS

We continue exploring how God made our world and all its contains

Last week February 13

On Day 3 God made the dry land and the plants. We learnt how plants grow and survive.

This week February 20

Day 4 God created the Sun for the day and the Moon for the night. We have already created these planets, so we will be exploring Day 3 when God made birds and fish.

We will have a close up look at some preserved bird specimens to see how God made each bird species different.

Sunday March 20

This will be a Family Service with the children taking part of the service, some quizzes and fun learning.

Steve's sayings.....

How does God do it?

A year or two back Keith went to King Island and looked at their Men's shed. They were building a wood hulled boat together. A few weeks ago some of the guys in our shed said it would be great if we could do a project together, like the King Island boat.

I unexpectedly bumped into Rob from Youth For Christ last Saturday. It was one of those moments. Rob had shared with me a few weeks ago that he dreamed that long term YFC could do something special with the shed, introduce young men for mentoring. The very next week a couple of the guys in the shed had approached them and asked if they could do some mentoring of young people! Rob then proceeded to tell me he had an old, (you guessed it), wood hulled boat! YFC had been given that needed doing up, and he wondered if the sheddies could use this for a project to do, maybe with the young guys. Perhaps you had to be there, but sometimes when I experience what I think might be the spirit at work, it still blows me away.

God bless

Steve

Next Family Service on March 20.
