A WORD FROM THE REV.....

Small churches may be the answer.

"China now has 100 million Christians and only 70 million members of the communist party". (Dateline interview, 28 June 2009, SBS).

Why? Because china has hit on the same principle as Ancient Rome. limit public meetings to 25 people. This has the effect of creating small churches that have to split and re-split whenever they get to 25 people. (Dateline, interview, 28 June 2009. SBS)

Perhaps small churches like ours, engaged in the community, are a step in the right direction. Why?

- Most members have to be actively involved in some way
- We can't sit back and take it easy
- We have to listen and be open to God and act or we won't survive

We are small enough to react quickly to God's word and society's changes

What do you think?

Celebrating launching our Website.

Being a church without a website today, is like being a church without a phone 20 years ago! This morning we are officially launching our fantastic new website which can be found at

<http://www.chelseachurchofchrist.org.au>

or google "Chelsea Church of Christ" and it usually comes up on the first page. We will have it up on the computers in the Annex this morning, come in and have a look. This website will need to be continually updated with new information, so please give to Kevin anything you would like put up on the site.

Please don't forget to thank Kevin for the great job he has done and huge amount of hours he has put in.

Steve.
